

Israeli petition in favor of recognition of a Palestinian state

“We the undersigned citizens of Israel, who wish for it to be a safe and thriving country, are worried by the continued political stalemate, the occupation, and the settlement activities that lead to further confrontations with Palestinians and quash any chances for compromise. It is clear that the prospects for Israel's security and existence depend on the existence of a Palestinian state alongside Israel. Israel should recognize the state of Palestine and Palestine should recognize the state of Israel, based on the June 4, 1967 borders. Your initiative for recognition of the state of Palestine will advance prospects for peace and will encourage Israelis and Palestinians alike to bring an end to their conflict.”
